

AMERICAN BOMBSHELL DOC JOHNSON

Extreme in size and creativity, the American Bombshell collection is perfect for advanced anal players looking for unique, larger-than-average designs. Each piece is made of phthalate-free, body-safe PVC, and cleverly sculpted to look like a bombshell. This theme continues with patriotic packaging and explosive names like B-7 Missile and Shell Shock. All items from the American Bombshell collection are Proudly Made in America.

FEATURED PRODUCTS

B-7 Tango: This versatile piece features a thick, smooth shaft and pronounced head. The tapered tip allows for a smooth insertion, and the supersized triple ripple design offers extreme stimulation. The large, flared base also makes the B-7 Tango safe for anal play. Firm yet flexible construction.

B-10 Tango: A larger version of the B-7 Tango, the B-10 also features a tapered tip for smooth insertion, and a supersized triple ripple design that delivers extreme stimulation. The large, flared base makes the B-10 Tango safe for anal play. Firm yet flexible construction.

Little Boy: This plug boasts a large, egg-shaped head, and a midpoint ridge that flares out for added stretch and stimulation. The narrow stem and flared base make the Little Boy safe for anal play, and the base also doubles as a grip for added control. Firm yet flexible construction.

B-7 Warhead: A slightly smaller version of the B-10 Warhead, the B-7 also features a triple-ripple head for extraordinary stimulation, and an extra-girthy, straight shaft. The flared base allows for safe anal play. Firm yet flexible construction.

B-10 Warhead: Extra thick and dramatically textured, the B-10 Warhead features a triple-ripple head for extraordinary stimulation, and an extra-girthy, straight shaft. The flared base allows for safe anal play. Firm yet flexible construction.

Shell Shock - Small: This ultra-thick plug features a smooth, rounded tip with a wide body that delivers extreme stretch upon insertion. The flared base allows for safe anal play. Firm yet flexible construction.

Bunker Buster: Enormous in length and girth, this dong features heavily veined texturing along the shaft for intense stimulation, and a suction cup base that can be mounted onto most flat surfaces. Firm yet flexible construction.

Ballistic: This extra-large dong features a heavily veined shaft for extra stimulation, thick, weighty balls, and a suction cup base that can be secured to almost any flat surface. Firm yet flexible construction.

CARE and MAINTENANCE

To clean, spray with Doc Johnson Antibacterial Toy Cleaner (1399-02-BU) or wash with mild soap and warm water. Allow to dry completely before storing separately from other toys in a cool, dry place.
