FEATURED PRODUCTS

WATER-BASED LUBRICANT

Long-lasting and suitable for sensitive skin, this water-based lube is approved for use with all insertable products in the Kink by Doc Johnson collection. Approved as a 510(k) medical device.

SILICONE LUBRICANT

Specially formulated to wash easily from skin and fabric, this silicone-based lubricant eliminates friction and stays slick for hours of intense play. Approved as a 510(k) medical device.

HYBRID LUBRICANT

This special blend of water-based and silicone-based ingredients creates a smooth, creamy texture that hydrates the skin. The thick, cushiony formula is also closer in consistency and feel to real cum than any silicone-based or water-based product.

ANAL LUBE

This extra-thick water-based anal lubricant offers maximum slide and staying power, and is specially formulated to emulate the texture and consistency of spit. It is also safe for use with every insertable product in the Kink by Doc Johnson line.

ERASE - PERMANENT MARKER REMOVER

A spray formula that gently and easily washes away permanent ink after a fun night of creative marker play. Erase is safe for use anywhere on the body to quickly and gently remove ink from sensitive skin, keeping your play discreet. Shake before using.

RECOVERY - SUB SOOTHING CREAM

Designed to aid the process of aftercare, this cream formula works to soothe and heal the lingering effects of intense scenes like soreness and friction marks. The Recover Sub Soothing Cream is also cruelty-free and vegan.

RAW DOG - ASS & COCK SOOTHING BALM

Designed to aid the process of aftercare, the Raw Dog Ass & Cock Balm works to soothe and heal soreness after intense anal or CBT play. Cruelty-free and vegan.
