

INTRODUCING...

# ULTRASKYN™

## THE ULTIMATE FEEL™

**Doc Johnson's UR3® material has gotten an upgrade! Now called ULTRASKYN™, the updated formula offers the same incredibly lifelike feel as the original, plus improved elasticity for a longer-lasting product lifespan.**

Widely accepted as the most realistic material in the world, ULTRASKYN™ is specially formulated to mimic the unique feel of real skin-- and even warms to the touch! Dual density ULTRASKYN™ products feature a firm, flexible inner core for added realism. Use ULTRASKYN™ Refresh Powder to improve and extend the lifespan of all your favorite ULTRASKYN™ products.

- Phthalate-Free, Body-Safe • 100% Talc-Free • Proudly Made in America

*Note: in order to maintain brand consistency, our UR3® Refresh Powder is now called 'ULTRASKYN™ Refresh Powder'. This change in no way reflects any changes in formulation, composition, or item numbers. The powder formula is, as always, 100% talc-free.*
