

We turned up the intensity on the classic wand-style massager, and reimagined it for our Kink by Doc Johnson collection. The Kink by Doc Johnson Power Wand features ultra-powerful vibrations in multiple speeds and functions; while a range of versatile silicone attachments provide options for external and internal stimulation, making the Power Wand perfect for both satisfying solo use and thrilling partner play. All attachments are individually sold, so users can handpick their pleasure.

FEATURED PRODUCTS

POWER WAND Ultra-Powerful Silicone Wand Massager – 2400-01-BX

This ultra-powerful wand-style massager features 8 speeds and 8 functions of deep, powerful vibrations. The flexible neck is made of silicone, and the head features a thick exterior sleeve in premium silicone that is removable for easy cleaning. The wand plugs directly into a power source, and comes with an extra long 140" (3.5M) cord, as well as a universal power adapter and surge protector. No batteries required. Designed for use with Kink wand attachments. Fits most other standard-sized wand attachments.

VAC-U-LOCK™ Power Wand Attachment – 2400-02-BX

Molded in the shape of our patented Vac-U Plug, this versatile silicone wand accessory accommodates any Attachment in the Vac-U-Lock™ line for endless possibilities— users can transform their favorite Vac-U-Lock™ compatible dildos, plugs, stims, and more into powerful vibrators, for both solo use and couples play. For use with Kink™ Power Wand. Fits most wand-style vibrators.

G-SPOT Power Wand Attachment – 2400-03-BX

Curved for strong stimulation of the g-spot, the soft silicone arm directs the wand's powerful vibrations to the ultimate erogenous zone. This attachment is also an excellent tool for squirting practice, edge play, and p-spot stimulation. For use with Kink™ Power Wand. Fits most wand-style vibrators.

ANAL BEADS Power Wand Attachment – 2400-04-BX

This silicone attachment features five premium silicone beads that start small for easy insertion and progressively widen, so users can work their way up. For use with Kink™ Power Wand. Fits most wand-style vibrators.

COCK STROKER Power Wand Attachment – 2400-05-BX

This double-sided stroker attachment boasts two ends, each featuring its own unique fit and texture for a varied experience—users can tease the head by alternating between ends, or penetrate it all the way through the other side. The visually stimulating clear material only adds to the excitement. For use with Kink™ Power Wand. Fits most wand-style vibrators.

COCK TEASER Power Wand Attachment – 2400-06-BX

This unique stroker attachment is designed to deliver ultra-pleasurable tip stimulation, while the clear design allows users a perfect view of the action. The textured opening of the Cock Teaser gives way to extra large pleasure nubs and finishes with a suction-creating closed end. For use with Kink™ Power Wand. Fits most wand-style vibrators.
