

MAN SQUEEZE™

VARIABLE PRESSURE ULTRASKYN™ STROKER

DOC JOHNSON®

**Man Squeeze
STUD**
5110-01-BX

Building on the success of Doc Johnson's Main Squeeze™ collection of hard-case ULTRASKYN™ strokers, Man Squeeze™ is designed especially for men who love men, and gets gay consumers in on the action with three unique anal styles: Stud, Twink, and Bear.

Just like Main Squeeze™, Man Squeeze™ strokers incorporate a hard-case construction and built-in squeeze plate designed to vary the tightness of each stroke, and a suction-adjusting end cap that twists to different levels of intensity. The sleek, durable case encasement and screw-on top keep it clean, discreet and convenient for travel. Like every stroker in the Main Squeeze™ collection, each Man Squeeze is designed with a unique internal texture. All items from Man Squeeze include detailed instructions on usage and care.

Featured Products

STUD - 5110-01-BX

This ULTRASKYN™ stroker features a lifelike ass opening that looks feels just like the real thing. Just like its Main Squeeze™ counterparts, Stud is crafted with a unique internal texture to make the user feel like he's thrusting into the well-muscled stud of his dreams.

TWINK - 5110-02-BX

The Twink is a pert, playful style with a rounded ass shape and extra-snug opening in lifelike ULTRASKYN™, made even tighter via its squeezable hard case and tight, textured interior.

BEAR - 5110-03-BX

Bear uses a larger exterior mold than Stud and Twink for consumers who like bigger better. The interior, like the rest of the line, has a shape and texture unique to the product; Bear is tight at the entry and opens deeper inside.

Care and Maintenance

To clean and store Man Squeeze™: Gently pull from the top to remove the ULTRASKYN™ insert from inside the case. Remove squeeze grip section from magnetic dock (or from inside the case if it falls in during disassembly.) Clean each section with Main Squeeze™ Toy Cleaner or mild soap and warm water. Allow all parts to air dry completely and dust the ULTRASKYN™ tunnel with Main Squeeze™ Refresh Powder. Reassemble product and store in a cool, dry place with both caps closed.
