

P-Massager
(Black) 0691-01-BX
(Slate) 0691-02-BX

OptiMALE™ is the world's first men's sexual health and wellness collection, conceived as a destination brand for men seeking high-quality essentials to optimize their sexual well-being and pleasure. To promote the heightened sexual satisfaction and proven health benefits of prostate stimulation, we've introduced three P-Massager options under this label.

Featured Products

P-Massager: Designed for optimal prostate health and pleasure, this flexible silicone massager strengthens PC muscles, stimulates the perineum, and helps improve, control, and intensify orgasms for maximum pleasure to the P-Spot. It is perfectly curved for effortless, ultra-pleasurable prostate stimulation, with a pull ring at base for added control and easy retrieval.

Vibrating P-Massager
(Black) 0691-05-BX
(Slate) 0691-06-BX

Vibrating P-Massager: Building on the popularity of the classic P-Massager, this variation on the original model features a removable vibrating bullet with 10 unique functions including multiple speeds. The Vibrating P-Massager is formed with the same loop handle for safe use and easy removal and a slightly different shape for even greater precision-contoured pleasure.

DUO C-Ring and P-Massager: Combining the pleasure and beneficial effects of prostate massage with those of a C-Ring, the silicone DUO C-Ring and P-Massager is a one-piece combination product for internal and external stimulation. The slim size and shape of the insertable prostate massager makes it ideal for any level of exploration, while the flexible C-Ring helps to delay ejaculation and create stronger erections. A joystick-style handle allows full control and easy retrieval.

Care and Maintenance

Silicone can be cleaned in a variety of ways. Remove bullet from Vibrating P-Massager before cleaning. Spray with Doc Johnson® Toy Cleaner or wash with mild soap and warm water. Original and Vibrating P-Massager may also be boiled for 3 minutes, or cleaned in top rack of dishwasher; do not boil or dishwash DUO. Allow to dry completely before storing separately from other toys. Use with water-based lubricant/glide.
