Doc Johnson's Main Squeeze strokers improve on standard hard-case designs to put the power in users' hands, adding a squeeze plate designed to vary the tightness of each stroke and a suction-adjusting end cap that users can twist to their preferred level of intensity. Each Main Squeeze stroker is built around an internal sleeve handcrafted in lifelike ULTRASKYN for ultra-pleasurable stimulation, and each sleeve has its own unique internal texture for a different experience with each product.

Main Squeeze's sleek, durable case and screw-on top keep it clean, discreet, and convenient for travel; and Main Squeeze strokers also fully disassemble for easy cleanup. All items in the Main Squeeze collection include detailed instructions on usage and care.
