SEX TOY OF THE MONTH

WHAT'S THE BEST SEX TOY...THAT I CAN USE ALL OVER MY BODY?

The Tryst has vibrating arms that feel amazing everywhere. Try them on your nipples, then work your way down, surrounding your clit with the two buzzy ends. Or insert them for right-on-the-money G-spot stimulation. Oh, and that buzzing base? It fits perfectly around him as a C-ring too. When you're on top, it hits at the exact right place for an O you'll feel from head to toe.
