Power Adapter

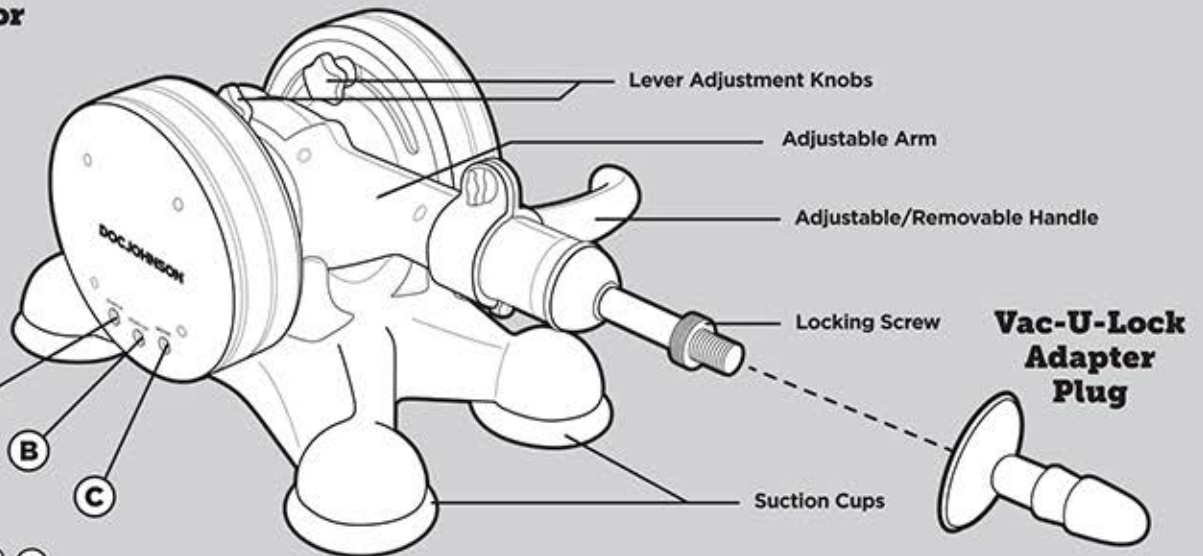

Insert into **(A)**

Controller

(Large Plug) Insert into **(B)**

(Small Plug) Insert into **(C)**

* For use with Vac-U-Lock attachments only.

Instructions for Use

1

Firmly affix all **four suction cups** in the Fuck Machine's base to a flat, smooth surface.

2

Twist the **Lever Adjustment Knobs** to set the Fuck Machine into the position you prefer.

3

Make sure the **Vac-U-Lock Adapter Plug** is properly attached to the **Locking Screw**.

4

Dust **Vac-U-Lock Plug** and the **inside of the Vac-U-Lock attachment** of your choice with Doc Johnson® **Vac-U Powder (1020-02-BX/BU)*** for easy assembly and removal.

5

Push attachment onto plug until it pops into place.

**Attachments and powder sold separately*

FUCK MACHINE has built-in protection against over-heating. It will automatically stop in case of long time use. This is normal. You may use FUCK MACHINE again once it has sufficiently cooled down.

PRODUCT USES AND WARNINGS:

To ensure the safe use of our products and to extend product life, before using our products please scan the QR code and review our Product Use Guidelines. Although all Doc Johnson products are designed and manufactured with great care, we urge our customers to practice sex toy safety. These Guidelines are also available on our website at <https://www.docjohnson.com/safety-practice>.
