OptiMALE™ is the world's first comprehensive men's sexual health and wellness collection, and the perfect essential, 'go-to brand' for men of all shapes and sizes. The 'Optimizing' gear incorporates a diverse array of prostate massagers, strokers, cock rings, vibrating cock rings, and a pump. A selection of OptiMALE™ personal care products features specially formulated glides, creams, and sprays designed to enhance masculinity and attraction.

Featured Products:

3 C-Rings Sets: Includes soft, stretchable silicone cock rings in three sizes (40mm, 45mm, 50mm) for various uses and preferences. C-Rings provide firmer, longer-lasting erections and intensified ejaculation. Available in Thin or Thick.

35m C-Ring, 40mm C-Ring, 45mm C-Ring: Individually packaged, extra-thick cock rings made of soft, stretchable silicone for easy use around the shaft or testicles.

Vibrating C-Rings: Perfect for partner play, this ultra-textured vibrating silicone cock features pleasure nubs and a removable 10-function waterproof bullet for targeted clitoral stimulation.

Vibrating Double C-Rings: The Vibrating Double C-Ring offers users two stretchable silicone rings to encircle both shaft and testicles, and dual waterproof bullets in textured sleeves feature 10 patterns of vibration to simultaneously target the clitoris, anus, and testicles.

Power Pump: This deluxe pump delivers powerful auto-pump action at the push of a button. It features a large, clear vacuum cylinder with easy to read measurements, a soft silicone sleeve at the base for a comfortable, airtight seal, a stylish pressure gauge for monitoring progress, and a quick-release valve button.

P-Massager: Designed for optimal prostate health and pleasure, this flexible silicone massager strengthens PC muscles, stimulates the perineum, and helps improve, control, and intensify orgasms for maximum pleasure to the P-Spot. It is perfectly curved for effortless, ultra-pleasurable prostate stimulation, with a pull ring at base for added control and easy retrieval.

Vibrating Strokers: Made of lifelike UR3® material, these plush, stretchy strokers feature a powerful 10-function removable bullet that delivers teasing, pleasing, and pulsating vibration patterns at the push of a button. The stroker's closed-end design provides incredible sucking sensations, while the soft internal texturing adds extra pleasurable stimulation. Includes a sturdy black travel box.

Reversible UR3® Stroker: Each of these UR3® strokers boast a silky smooth interior and a distinctly textured exterior that can be flipped inside-out as often as desired, for versatile stimulation. Includes a sturdy black travel box.

Care and Maintenance:

Silicone and UR3® items can be cleaned with Doc Johnson's Antibacterial Toy Cleaner (1399-02-BU) or with soap and warm water. Silicone can also be cleaned in the top rack of a dishwasher. When using silicone items, use water-based glides only. UR3® products should be dusted with UR3® Refresh Powder before storing. To clean Power Pump, disassemble components, wash each piece by hand with soap and warm water, and let dry completely, before reassembling and storing. All items should be stored separately from other pleasure products, in a cool, dry place.
