Sex Machine

Doc Johnson has partnered with Motorbunny to elevate its world's first and only hybrid saddle vibrator and thruster machine, Motorbunny Buck, to create a version compatible with Doc Johnson's patented Vac-U-Lock technology. The Vac-U-Lock Sex Machine Powered by Motorbunny Buck showcases the signature "all-the-way-to-11" vibration power of Motorbunny and has two separate thrusting motions. With Vac-U-Lock compatibility, this machine now gives users endless possibilities to deliver targeted, adjustable stimulation and have profound, multi-layered orgasmic experiences.

- 4 Silicone Attachments Including 1 Vac-U-Lock Attachment
- 2 Vac-U-Lock Compatible Silicone Dildos
- App-Controlled via Bluetooth or Remotely via Web
- 2 Thrusting Motions + Vibration
- Many Preprogrammed "Buzz" and "Thrust" Routines to Explore
- Motorbunny LINK-enabled Controller Allows You to Share Control of Your BUCK Wirelessly
- Can Stand or Attach to a Wall for a Variety of Positions
